

International House trains more than 3,000 professionals every year who aspire to be a teacher. Based on teaching theories and methods, classes are run in the most practical and efficient way possible. Also, discussion topics in class are deliberately selected to cover current affairs and issues so that students can learn how to effectively share their information with students in class and get ready for their teaching career. Through peer observation, students also learn the best teaching approach that can be applied in their country.

Upon successful completion of the Program, students will be awarded IH TESOL Certificate issued by International House Brisbane – ALS.
